RealLives Changemaker Index

Where Gameplay meets Changemaking

Unlocking Changemaker Potential in your Students

In a world of accelerating change and complex global challenges, the call for education to do more than impart knowledge is louder than ever. Secondary and higher education institutions are pivotal in shaping not just skilled professionals, but also empathetic, resilient, and proactive global citizens. The RealLives ChangeMaker Index (RCMI) is a transformative tool designed to help you, the educator, unlock and nurture the inherent 'Changemaker Potential' within every student

RCMI: Game-Driven Insight. Real-World Impact!

The RealLives ChangeMaker Index doesn't just measure it reveals the changemaker within. Embedded in our immersive simulation platform, RCMI analyzes real decisions in authentic scenarios to uncover 18 vital competencies that traditional tests miss.

Watch as students navigate diverse life paths, making choices that matter. Every decision reveals their unique approach to problems, capacity for empathy, critical thinking prowess, and leadership instincts-the exact skills needed to thrive in our complex world.

RCMI isn't just assessment. It's illumination. RCMI shines light on the capabilities that will define success in the 21st century and beyond. Because tomorrow's changemakers aren't built by yesterday's metrics.

Measure what truly matters!

RCMI in Your Institution: Practical Integration & Benefits

RCMI: Discovering Tomorrow's SOCIAL INNOVATORS Today

The RealLives Changemaker Index revolutionizes assessment by analyzing actual decisions, not self-reports, to measure 18 critical competencies across five domains from empathy and leadership to systemic thinking and ethical responsibility. Unlike traditional tests, RCMI reveals how students naturally approach challenges within our immersive simulation, creating personalized development pathways that nurture the precise skills needed for meaningful social impact and transformative change.

Understand Student Strengths & Needs

Gain deeper insights into individual and group competency levels beyond academic performance.

Facilitate Meaningful Discussions

Use simulation experiences as rich springboards for dialogues on ethics, equity, global issues, and leadership

Tailor Pedagogical Approaches

Differentiate instruction and support based on RCMI profiles to address specific growth areas.

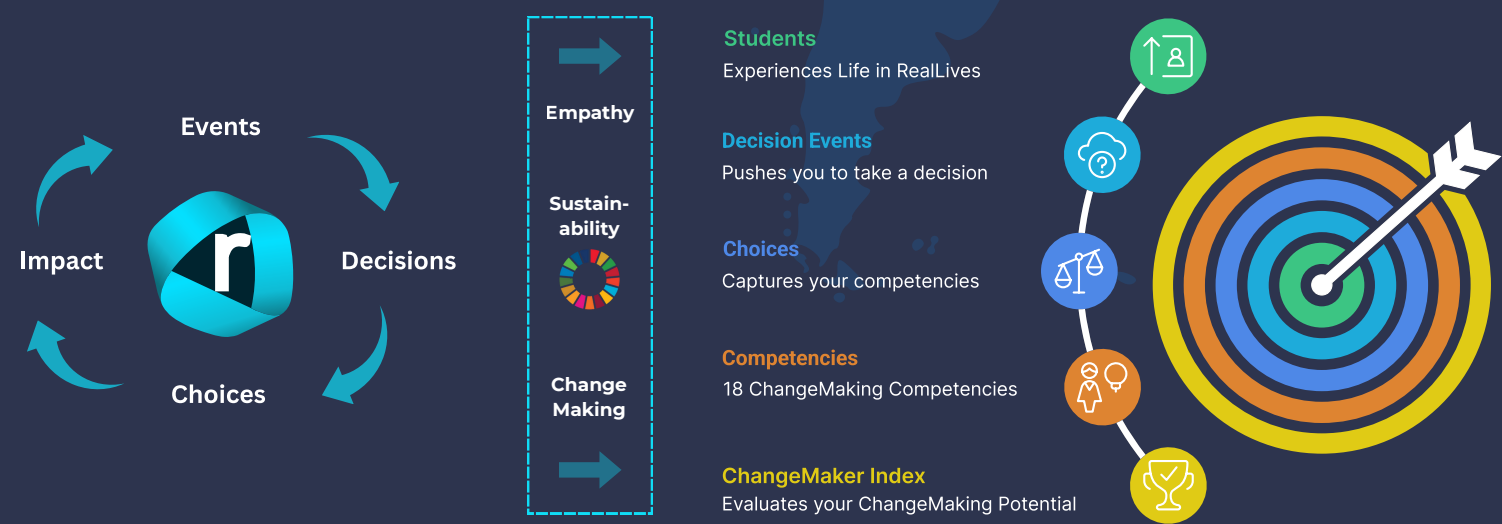

Track Student Development Over Time

Monitor progress in crucial soft skills and changemaking capabilities longitudinally.

Enhance Curriculum Relevance

Connect abstract concepts to tangible, real-world applications, increasing student engagement

How RCMI Works: Authentic Assessment in Action

Students & Educators Engage with RCMI Through:

- Global ChangeMaker Index :** Comparing their individual profile to a global aggregate, fostering a sense of connection and broader perspective.
- My ChangeMaker Space :** A personalized dashboard to view their RCMI graph, understand their competencies, and reflect on their journey.
- Identifying Changemaking Domains :** Exploring 14 potential domains (eg. Human Rights, Environmental Protection, Health) where their strengths might align for their future careers.
